SLEEPOVER PARTIES - MORE MEMORABLE

Remember how much fun sleep overs were as a kid? Let me tell you, they are still FUN. The excitement of playing with their friends, watching movies and playing games.

Stuffers is a great activity to make these parties even more memorable. The bear making supplies can be setup easily in your lounge room so the kids can make their own teddy bears, dress them up in pyjamas and have a "cuddle-buddy" for bed time. The kids (boys and girls) will absolutely love it and will remember it for years.

PJS

Combine the event with a pass the parcel to randomly select the bear or a treasure hunt to find the clothes, it makes for a party their friends will be talking about well past the night!

GOING ON A BEAR HUNT

- Once you receive your Stuffer order place the bears in Brown paper bags and seal the top.
- Extra accessories you received do not put them in the bags.
- You could label the bags to signify if it is GIRL/BOY or NEUTRAL design inside.
- On the morning of the HUNT, hide your bags indoors or outdoors.
- Let the kids know the rules; once they find a bag they check any GIRL/BOY codes then they are to return to the starting point.
- Let them choose any accessories if ordered.

Note:
